Reported for: Himself Address _____

Address where offense occurred: alley rear 2121 N. Newhall Date of Offense 9/11/75

Explain in detail what work was done on the case:

Regarding this complaint, I interviewed WILSON, Marvin Alvin, W/M, , of N. 37th St.). He is employed at the Prize Steaks Co. as a truck driver and has been employed there since March 15, 1975. He stated that he knew the victim as well as any one esle in the plant and on many times they had discussions where the victim, August Maniaci, would talk to him about his past, how he was involved in stills and running booze, and once admitted to Mr. Wilson that he was shot by a highjacker who stole his truck of booze. This incident took place many years ago during prohibition.

He further remembered that either Tuesday or Wednesday of this week, Spt. 9 or 10, the victim received a phone call and he overheard the victim say, "don't worry about it, nothing will happen." He stated that when the victim left the phone, he seemed to be very upset. He also recalls that someone had been calling him on the phone at the Prize Steaks Co. about 1½ to 2 weeks ago looking for a loan. This also upset the victim very much; however, he was a tight lipped individual about present matters and never mentioned it to anybody else. He, too, states that the victim was a nice guy, well liked, and the only thing that seemed to bother him was the problems that his brother was presently undergoing. He further indicated that he believes that one of the other employees by the name of James EHLE, W/M, who is a truck driver for the Prize Steaks Co. did some work on the victim's car last night, Wed., 9/10/75. At this time, James Ehle was on the road and unable to be interviewed. He will return sometime around 3:30PM, date.

On Friday, Sept. 12, 1975, at 5:00AM, we were assigned to investigate a Guy HERMANN, W/M. We learned that Guy HERMANN had previously been living at 6819 W. Grant St., and that he has a history of involvement in the manufacture of silencers for .22 caliber weapons. HERMANN was also, supposedly, involved with the underworld.

We proceeded to 6819 W. Grant St., at which time, we observed 2 automobiles parked at the rear of this address. There was a 1974 Ford, dark brown vinyl over a green bottom, bearing Wis. license Z58-968, listed to one Gary ANDERSON, of 6819 W. Grant St., and a 1972 Mercury Comet, blue in color, bearing Wis. license G72-194, listed to Victor GRITTNER.

We next proceeded to 2642 N. Frederick, at which time, we observed no automobiles parked in the area.

We attempted to teletype Madison (Motor Vehicle Department) to determine what automobile(s) are listed to Guy HERMANN. We were unsuccessful as the computer had broken down, and therefore, we could receive no answer. At neither address, did we observe a black Ford, such as the automobile observed fleeing the scene of this homicide.

OFFENSE [illegible] - (Alley rear) Date Offense Reported Thurs., 9-11-75

Reported by: [illegible]IACI, August Address 2121 N. Newhall

Reported for: [illegible] Address _____

Address where offense occurred: (Alley rear) - 2121 N. Newhall Date of Offense Thurs., 9-11-75

Explain in detail what work was done on the case:

On Friday, September 12, 1975, Detectives Juhlmann and Eichert, Detective Lieutenants Auciti and Parkinson had met with Carlton [illegible], M/, 40 yrs., dob: , of 1510 N. Lindsay Pl., and his wife, Geraldine [illegible], M/, [illegible] yrs., dob: at the D of I. (See supplementary report on interviews with investigating detectives). At this time Mr. & Mrs. [illegible] viewed photos at the D of I in separate rooms, in an attempt to identify the subject seated in the auto, to the rear of their garage. While viewing photos, Mr. [illegible] viewed the Kenosha PD photo 1270, that of a [illegible], M, dob: [illegible] At this time Mr. [illegible] informed us that the photo of [illegible] was very similar to that of the suspect seated in the parked auto on the date of the offense. He stated he could not be positive from viewing the photo and he would prefer to see the subject in person.

[illegible], with Lieutenant Auciti, proceeded to the Kenosha PD where we conferred with a Lieutenant Gordon [illegible] of the Kenosha PD. At this time we informed Lieutenant [illegible] of our investigation and the reason we were in Kenosha, Wis., that time, we were going to the [illegible] residence to arrest Mr. [illegible]. While there, we requested a copy of [illegible]'s record as well as any information that the Kenosha PD had in regards to stolen cars that he is the user of a 1967 or 1968, or possibly a 1964. Lieutenant [illegible] turned over a copy of the [illegible]' report (attached). A check with their unit had shown that no auto were stolen in the last few days, matching the description of the auto used in the offense. Lieutenant [illegible] then had a uniform squad respond and they met us at the Kenosha PD headquarters and accompanied us to 1643 15th Ave., current address of the suspect, [illegible]. These officers were assigned to Unit 16 and 191 and they are Ptm. Steve Jorkman and Thorne Frederickson.

Explain in detail what work was done on the case:

Those aforementioned Officers accompanied us to the living quarters of Mr. COVELLI. At that residence, we learned th t COVELLI occupied Apt. #5. We attempted to contact him at his apartment, where we talked with his wife, Eleanor, but were unsuccessful. At this time we learned that COVELLI was out for the evening and she was unsure when he would return home. At about 10:10PM, this date, we finished our interview with Mrs. COVELLI and left the apartment complex. While discussing this matter with the aforementioned Officers in front of that address, Wm. COVELLI drove up to the front of his apartment. We approached him as he left his auto and he was placed under arrest at 10:20PM, this date, and at that time he was advised of his constitutional rights by Lieutenant Carl Auscitti at 10:20PM. This was witnessed by myself, Detective Reichert, Detective Puhlmann and the two Kenosha Police Officers. We then conveyed Mr. Wm. COVELLI to the Milw. Police Dept., Det. Bur., where he is currently being processed, after being arrested for murder (party to a crime) in this offense.

Mr. COVELLI was taken to the Det. Bur. Conference Room, where he again was advised of his constitutional rights, and in fact, handed a copy of them. He stated he was aware of them and he fully understood same. At this time he told us that he would give basic information, but preferred to speak to an attorney. After his attorney was present, he stated he would answer any and all questions put before him.

A check with our Dept. shows that he had two traffic arrests; no other arrests. (See attached copy).

lain in detail what work was done on the case:

On Sat., 9/13/75, at 6:40PM, we went to 2121 N. Cambridge, Apt. #205 where we interviewed a Richard William CZARNECKI, W/M, We interviewed Mr. Czarnecki regarding possible information in regards to an automobile used in this offense. Mr. Czarnecki told us that on the day of the offense, he had left for work at approximately 5:30AM and that he punched in at his place of employment at 6:18AM. We then questioned him regarding his place of employment, and he stated he was employed at the American Produce, 327 E. Florida, Milwaukee. He stated he furnished the original investigating officers, Det. Burgardt, with the times and locations of his various deliveries on that date. He stated that on the day of the offense and the days prior to it, he did not observe any suspicious autos or persons in the vicinity. We then questioned him as to his relationship with the Maniaci family. He told at this time that he was a very close friend with both the deceased, as well as his brother, Vincent. We then learned that Mr. Czarnecki moved to our city from New York in 1969, and he was employed as manager of Richie's on Broadway (tavern owned by Augie Pomasano). In the beginning, he had differences with his employer, Mr. Pomasano and stated he was fired from the Richie's on Broadway. He said it was at this time that he gained employment at the American Produce Company. He thought it was in June or July of this year. Further stated that in May of this year he made an offer to purchase Little Caesar's Tavern (owned by Vincent Maniaci, brother of the deceased), he is unsure of the exact date, but felt that it was directly after the trial of Vinnie Maniaci on Federal charges. He told us that he applied for the proper licenses on approximately 6/11/75, and the original licensing committee ordered to accept his applicatio on 6/29/75. On 6/30/75, the matter was brought before the full council, and the license was turned down by the common council.

(OVER)

He stated he then contacted his attorney, Mr. Gary Glojkek, of 6212 W. Greenfield . He told me that they started some type of legal action regarding the refusal of granting him a license for the Little Caesar's Tavern. We then asked him how long he had been acquainted with the Maniaci family, and he told us that they were friends for the past 4 years and only recently did they attempt to purchase the business (Little Caesar's Tavern) from Mr. Vincent Maniaci. Czarnecki told us that he does not know of any enemies that Mr. Maniaci had and felt that he was a fine person and did not know why anything like this could happen to him. We then questioned Mr. Czarnecki about the injuries noted by the Detectives in their first interview. The injuries are quite obvious, being a slight laceration to the left forehead area and a black eye (left) and a 2 to 4" bruise on his right chest area. Czarnecki told us that he sustained these injuries in a fight in a tavern where he was engaged in an argument that resulted in a fist fight between 3 other persons and himself. He told us that the incident occurred in a tavern on the east side but refused to name the tavern's location or any of the names of his assailants. Czarneck's physical description is a white male, long brown hair, collar length, medium to a dark complexion, 5'9 to 10", 165 lbs. A check with our department shows no record on Czarnecki and no wants at this time.

Explain in detail what work was done on the case:

On Fri., 9/12/75, at 11:15PM, we were dispatched to meet Squad 178, Lt. Vincent PARTIPILO at 1601 N. Jackson, Fazios Restaurant. At this time, we were informed by Lt. Partipilo that the owner of this establishment, Angelo Fazio, received what he felt to be a threat to his life on this date. When then interviewed Angelo Fazio, W/M, , of 10063 W. Grantosa Drive, the proprietor. He states that at approximately 10:20PM, this date, he was in the estasblishment performing duites as a bartender, when a white male, in his earlier twenties, 6', 190 lbs., well built, with a large mustache, long light brown, wearing blue jeans and a blue jean jacket, entered the establishment via the front door, and proceeded directly to the service area of the bar, which is at the far west end of the bar. As this subject approached the bar, Mr. Fazio, stated, "Can I help you", to which the person answered, "Mr. Fazio", and he stated, "Yes", "what can I do for you"? The suspect then stated, "Mr. Fazio, Danny WITZ, or WICK, sends his regards". At this time, the subject chuckled, turned walked away from Mr. Fazio, and walked back out of the tavern, and was observed getting into a maroon Ford, possibly 1 yr. old, which appeared to have round taillights to Mr. Fazio, and drove south on Pleasant St. and when the auto reached Lyons St., it slowed down and then started up again, continuing south. This statement was witnessed by a William and his wife, Jerri, TRAINOR, who is employed by the Zecol Chemical Co. Further information relative to these parties are unknown at this time. They were not on their premises at the time of our investigation. Mr. Fazio states that he has no idea who Danny Witz or Wick could be, and he has never seen this white male before. Due to the similarity of the description of this subject and the vehicle being of a dark color, that being

We, Squad 113-EARLY, were assigned to follow Mr. Fazio home, and at approximately 1:15AM, he left the establishment, known as Fazios on Jackson, located at 1601 N. Jackson, and entered his auto, a black over gray Impala, Chevrolet, Wisconsin license #V61-962, which was parked directly north of the restaurant and proceeded to 90th and Mt. Vernon, where he dropped off a cook. He then proceeded to his residence located at 10063 W. Reported for: HIMSELF Address

Address where offense occurred: (alley, rear of) 2125 N. Newhall St. Date of Offense 9-11-75

Explain in detail what work was done on the case:

On Wednesday, Oct. 1, 1975, we were assigned to conduct a followup investigation into the above listed homicide, and were to do a background check on HEIDELBACH, Richard, W/M, , last known address of 725A Silver Lake St., Oconomowoc, Wis.

On this date, at 10:30AM, at the Hartland Police Dept., we spoke with Ptm. Dennis ZASTROW, who informed us that, regarding this subject, on Sept. 4, 1975, their Department arrested this man on a warrant for the Waukesha County Sheriff's Dept., charging him with operating an auto after revocation, speeding, drunken driving, at the address 391 Oxford Dr., Hartland, Wis. He further stated that the address 391 Oxford Dr., is a town house rented by FUENTES, Anita, Mex/F, He explained that when Officers from their Department went to this home to arrest HEIDELBACH, she denied he was in the home, but a search disclosed HEIDELBACH hiding in a crawl space, in the upstairs portion of the residence. At this time, the subject was arrested and conveyed to the Waukesha County Sheriff's Department, and charges are pending against Miss FUENTES at this time, for obstructing Officers.

Then, we proceeded to the Oconomowoc Police Department and interviewed Det. Herman STEINKE, who stated that he had no record of Mr. HEIDELBACH at their Department, but he does recall having conversation with an FBI Agent named HUNT, sometime in April, 1975, and that at that time, Agent HUNT was under the impression that HEIDELBACH lived at 725A Silver Lake St., Oconomowoc, Wis. He stated that he has friends living in that block, and discussed the possible presence of HEIDELBACH at that residence, but was informed that at 1 time, he did live there, but moved to Hartland. Det. Herman STEINKE also stated that the people living on Silver Lake Dr., told him that HEIDELBACH is the owner of a white over red Cadillac, bearing Wis. license

(over)

Explain in detail what work was done on the case:

SC 6790. This license was checked and found to be listed to Richard HEIDELBACH. Det. Herman STEINKE was unable to supply us with any further information.

We then proceeded to the Waukesha County Sheriff's Dept. and interviewed Det. MILLER, of that organization. He provided us with a "rap" sheet and arrest sheets of Richard HEIDELBACH, and also provided us with a color photo of the subject, copies of which, are attached to this report.

We next proceeded to the Waukesha, Wis. Police Dept., and interviewed Det. Lt. Robert GOETZELMAN. Lt. GOETZELMAN checked the Waukesha City Police files, and had no information available on Richard HEIDELBACH.

We spoke with Agent HUNT of the FBI, and he advised us to return to the Waukesha County Sheriff's Dept., and request the files of one Frank and Jesse RAMEROZ and one Joe ACHOA, that these 3 men are burglars and are associates of the subject Richard HEIDELBACH.

Agent HUNT could offer us no further information other than what we already had. Attached is a report, and xerox'd copies of photos that we received from the Hartland Police Department, including xerox'd copies of arrest cards and records of Richard HEIDELBACH.

Also, we received information from Agent HUNT that at one time during their surveillance of the girlfriend, Nancy CZERZYCKI, of 7155 W. Bottsford, who is the owner/driver of an older green Ford s/W, license N84488, which is listed to her, they saw, in either April or May, 1975, an older model Ford sedan, parked in the driveway at her home. They cannot recall, at this time, the year of the vehicle, or the exact date; however, Agent HUNT is checking his records to determine if there is a more exact description of this Ford. In the event we hear from Agent HUNT, we will, along with them, make an attempt to locate this auto, as it somewhat fits the description of the auto driven by the suspect in this shooting.

Explain in detail what work was done on the case:

On Thurs., 10/2/75, we were assigned to make follow-up investigation on this offense by Lt. Anewenter. We were assigned to check out two females referred to in previous supplementary reports, a Sally SHABU, W/F, of 2613 S. 92nd St., West Allis and Nancy P. ZERZYCKI, W/F, of 7155 W. Bottsford, who were named as girlfriends of Frank STELLOH, referred to in previous supplementary reports.

A check of our B of I for any want and record on these two females proved negative, and also a check was made with the West Allis P.D. also with negative results. Unable to obtain any additional information on these two persons at this time.

This AM Det. Buschmann went to the Medical Examiners Office and picked up a copy of the protocol for this investigation. This copy will be placed in the original murder folder, which is marked case #M-1162, for future investigation and follow-up.

This PM, we did check at the Keith's Pancake House, located at 5600 S. 108th St., Hales Corners, in an attempt to contact the girlfriend of Frank Stelloh, supposedly working at this location, a Nancy P. ZERZYCKI; and after talking to several waitresses, we found that none of them answered to this name. Rather than proceed further by contacting others and possibly tipping off our investigation to them, we did not inquire any further at this time. However, on arrival at this location, we did observe the '67 green Plymouth station wagon, license N84-483 (76 expiration) parked adjacent to the restaurant. As in previous supplementary reports, this auto has been driven by Frank Stelloh and is licensed to Nancy Zerzycki.

Address where offense occurred: (alley, rear of) 2125 N. Newhall St. Date of Offense 9-11-75

Explain in detail what work was done on the case:

On Thursday, Oct. 2, 1975, we were assigned to continue a followup investigation into the background of a suspect, Richard Edward HEIDELBACH, W/M, B of I #94446, currently residing at 391 Oxford Dr., Hartland, Wisconsin.

A check with the Federal Aviation Administration revealed that HEIDELBACH has a valid private pilot's license, permitting him to fly single-engined aircraft, that being #1721324.

We checked at numerous airports in the Milwaukee and Waukesha areas in an effort to determine if the suspect was still flying. I called the D & B Aircraft Corp., located at the Capitol Dr. airport, which is owned and operated by the father of one Ptm. Gary NICHOLS, Squad 243-Early. I, Det. Bates, spoke with Gary NICHOLS and learned that HEIDELBACH was indeed flying out of the Capitol Dr. airport, and had rented planes from the D & B Aircraft Corporation (which is operated, as stated earlier, by the father of Gary NICHOLS). Gary NICHOLS also informed me that within the past 2 weeks, the suspect had purchased a twin-engined Piper Apache aircraft, registration number N 4390P; however, HEIDELBACH is unable to fly this craft, as he has not yet been checked out on same. NICHOLS also informed me that from conversations with the suspect, he learned that HEIDELBACH plans on taking this Piper Apache to South America as soon as he is checked out, on a diamond-mining, or some other type venture. Ptm. NICHOLS will, quietly, check through the records of this airport, and others, in an effort to determine the number of times, and the destinations, HEIDELBACH has flown during the year, 1975. This is not only in regard to this particular offense, but also in reference to the large burglary of the North-Central Sporting Goods Co., of Menomonee Falls, Wisconsin, which occurred on March 25, 1975.

I spoke with Detective John HEITKEMPER of the Menomonee Falls Police Department, and he informed me that merchandise from this particular burglary has been turning up in locations as far away as Minnesota.

We are also trying to determine if HEIDELBACH made a flight to any particular area, in order to pick somebody up just prior to the date of this offense. Further background investigation of this suspect is pending.

Wisniewski lives at 2020 W. Grant Street (Lower) and his phone # is [illegible]. He drives a 1975 Ford Econoline Truck K97-197, and a blue Ford Station wagon that used to belong to his wife G45-628. Wisniewski stated that he is presently being investigated by the Waukesha County Sheriffs Dept regarding the shooting death of his wife that occurred in August of this year. We asked Wisniewski if he knew Augie Maniaci, and he stated that he knew him, but not as well as he knew Vincent.

Explain in detail what work was done on the case:

On Friday, Oct. 3, 1975, I was assigned by Lt. Vincent Partinilo to make a followup investigation of all air rental services at both Mitchel and Timmerman Fields, relative to Richard E. HEIDELBACH, W/M, our B of I #9446. This subject is a suspect in the murder of August J. MANIACI.

On Friday, Oct. 3, 1975, I proceeded to the Aerodyne Inc. Executive Service, located at 4800 S. Howell Ave., where I interviewed a Marlene Donna HOLMAN, W/F, 26 years, of 2110 N. Layton Blvd. She stated that she is employed by the air rental service company as a receptionist). She stated, after checking the corporation flight records, from Sept. 1, 1975 through Oct. 3, 1975, that no one by the name of Richard E. HEIDELBACH, B of I #9446, has rented a plane from their rental service. She further stated that anyone renting a plane would have to produce a valid flying license, either private or commercial, and that they would also have to show a medical certificate, certifying they are in good health. She further stated that they do not keep an alphabetical card file of all persons who have previously rented aircraft. She states they only keep daily sheets of persons renting their aircraft. Upon showing her the photo of Richard Edward HEIDELBACH, she stated that she did not recognize the subject and that she had never seen him before. She could offer no further information regarding this investigation.

On Friday, Oct. 3, 1975, I proceeded to Mitchell Aero, Inc., located at 923 N. Layton Ave., (747-5100). Upon my arrival there, I interviewed a Darcline Sue SCHMIDTKE, W/F, 21 years, of 10175 W. Goldspring Rd., Greenfield, Wis., (no home phone). She states that she is employed by this air rental service as a secretary, and has been so employed for approximately

2½ months. She then checked her daily flight records, regarding the possibility that Richard E. HEIDELBACH had rented an aircraft from her corporation. Upon checking her flight records from 9/1/75 through 10/3/75, she found no one by that name, who had rented an aircraft. She further stated that their air rental service does not keep an alphabetical card file of all persons who have rented aircraft in the past. She stated that only a daily flight record is kept. She further stated that an aircraft was only rented to a person after they had produced a pilot's license and a medical certificate, stating the condition of their health. She admitted that it would be possible for a person to use someone else's pilot's license and certificate of health, to rent an aircraft. Upon showing her a black and white photo of Richard E. HEIDELBACH, B of I #94446, she stated that she had never seen him before, and does not believe he ever rented a plane from their air rental service. She could offer no further information regarding this investigation, but stated that, if possible, the photo of Richard E. HEIDELBACH could be shown to personnel employed at the air rental service during the daytime hours.

On this date, I proceeded to Grant Air, Inc., an aircraft rental service, located at 9305 W. Appleton Ave., Upon my arrival, I interviewed Athanasia Christine HALLICK, W/F , 21 years, of 3340 N. 82d St.,). She stated that she is employed there as a flight office clerk (part-time), and has been so employed for the past year and a half (approximately). I then asked her if her company had rented an aircraft to a Richard E. HEIDELBACH, our B of I #94446. She then produced the daily flight records from 9/1/75 through 10/3/75. I personally checked these files and could find no record of our suspect renting a plane during this period of time. She also stated that a person renting an aircraft, would have to produce a valid pilot's license and medical certificate, certifying that they are in good health, before they would be permitted to rent an aircraft from their company. She also stated that her company only kept a daily flight record of persons renting planes and that they have no alphabetical card file of persons previously renting aircraft from their company. Upon showing her a black and white photo of Richard E. HEIDELBACH, our B of I #94446, she stated that she has never seen him before, and does not think the subject rented an aircraft under an assumed name from her firm. She could offer no further information regarding this investigation. While there, I showed the suspect's photo to a James J. PRESTIDGE, W/M, , 25 years,

Explain in detail what work was done on the case:

On Friday, Oct. 3, 1975, we continued our followup investigation into the activities of one Richard Edward HEIDELBACH, of 391 Oxford Dr., Hartland, Wisconsin, a suspect in this homicide. Our investigation revealed the following.

We interviewed Chief Jim FRANK, of the Mukwanago Police Department, who stated that the residence where Frank STELLOH lives, is not actually in the village of Mukwanago, but the Township of Mukwanago, and th t he could not supply us with any information about this home, other than the fact that Frank STELLOH comes to this house 3 or 4 times a year, to do some work around there, and also, sets up a stand at the Mukwanago flea market during the summer months.

We then checked the home at W31081337 County Trunk I, ½ mile south of Hwy 99, in the Township of Mukwanago, and observed that the house is in the process of being built (according to our information, it has been, for the past 12 years), and no one was around at this time. We approached the home, and attempted to look into same, but discovered nothing of any value to this investigation.

We then proceeded to the East Troy Airport, located in East Troy, Wis., and spoke to the airport manager, LANDRY, G., to whom we showed a photo of Richard HEIDELBACH, and asked if this man had ever rented any planes at that airport. Mr. LANDRY viewed the photo and stated that, to the best of his knowledge, he had never seen this man before.

Next, we proceeded to the Capitol Dr. Airport, and again spoke with Gary NICHOLS, who is a Milwaukee Police Officer. Ptm. NICHOLS' father is the owner/operator of the Capitol Drive Airport, and Mr. NICHOLS was questioned as to any records they may have on Richard HEIDELBACH and the log of his flights. Gary NICHOLS stated that during the month of August, 1975, Richard

HEIDELBACH rented a plane on 2 separate occasions, from their airport, and listed his destination, both times, as Oconto, Wisconsin. He further stated that the airplane which HEIDELBACH purchased, on or about Sept. 8, 1975, was purchased from Max-Aire, in Appleton, Wis., and that the cost of the plane was $12,500. The loan was obtained through the Michigan National Bank of Detroit, Michigan. Gary NICHOLS was then advised to submit a confidential Matter of Report, reference our investigation, containing the above information. Ptm. NICHOLS stated he would do so, and would forward this report to either of the undersigned Officers.

Information obtained, regarding HEIDELBACH and his business, the R.H. Construction Co., is as follows. The business is listed as being at 920 E. Mason St., (276-7959). We checked the area of 920 E. Mason, and did not observe the suspect's auto parked in the area. Further investigation of this address, 920 E. Mason St., will be undertaken at a later date.

Early Shift Detectives were then asked to check Timmerman airport and Mitchell Aero, at Gen. Mitchell Field, to determine if Richard HEIDELBACH had ever rented aircraft at either of those 2 locations.

On Monday, 10/6/75, at 3:50P.M. we were assigned to make a follow-up investigation into an auto that was located by Squad 927, Ptr. Larry Biscobing that resembled the auto in this offense.

At 4:10P.M. we arrived at 2322 N. 39th Street parking lot and there observed a all black 1965 Ford, 2-door sedan custome, with a red interior bearing Wisconsin license number N59001-76 Wisc. This vehicle had a Hearst transmission mounted on the floor with a Hearst type aluminum bar, approx. 4" long, with the name Hearst on the top made of aluminum. The vehicle also had crome mags and Ford written in white aluminous letters on the rear fenders as well as numerous stickers on the auto. The vehicle was very clean and shiny and appeared to have been very well taken care of.

While at the scene, we interviewed Michael Allen Witt, white male, 22, D.O.B. of 6541 N. Beale, phone . who is 5'11½", 210lbs., has long light brown hair extending to the collar. He also has a scar on his left cheek, that is noticible. He states that he owns the 1965 Ford in question, bearing the I.N. number - 5P53P169714. He states that he is employed at Monark Auto Supplies, 3828 W. North Avenue, phone 445-4408, and parks his vehicle in the rear lot daily. He states that he has owned this vehicle for the past 5 years and purchased it from a Bill Roth, of 7325 W. Acacia, who is a neighbor of his. He states that approx. 3 years ago, after an accident he had the car completely repainted the original black color. It was also noticed that this vehicle had the window frames on the side painted, because this is a 2-door custome and in that year they did not put very much crome trim on the

vehicle. Also noted was that the vehicle had round tail lights as is common with the customes as opposed to the Galaxy and model of Ford which had a rectangular tail lamp assembly (1965). Mr. Witt was questioned as to the stickers on the vehicle and the mag wheels and the unusal racing type steering wheel which was red plastic with a silver flack and metal bars on the inside. He states that all of this was put on the vehicle in approx. 1970 by him, after purchasing the vehicle for $600.00. He states that he normally does not drive this vehicle but has to do so now as his wife has a part time job, and he needs both of his vehicles. The vehicle was then photographed by Ptr. Lang, Sqd. 297, who took 5 photographs, which included a photograph of the subject standing next to his vehicle for future possible identification purposes as a check with Detective Clerical and the Bureau of Identification show that their are no arrest records for Michael Allen Witt. These photographs will be attached to this report at a later date. At this time we are unable to connect this vehicle with the murder of August Maniaci and further investigation is pending.

We then contacted Robert Boll, white male , of 1525 W. Windsor, phone and questioned him relative to the vehicle of the vehicle that he had observed and he stated that he was positive that on the morning of this offense the vehicle that he had observed had a black interior as well as a standard black steering wheel. He states that he had not observed any gauges or anything unusal about the vehicle other than the fact that it was shiny black. He could provide no other helpful information relative to our investigation. It is also noted that this vehicle has a bright red interior, there is a tachometer mounted on the steering colume which is plainly visible from the outside of the vehicle, as well as numerous gauges mounted under the dash in the area of the shift lever which is also plainly visible from the outside of the car. The mag wheels are Craigor, the mag wheels on the front crome plated and crome reverse wheels on the rear with wide tires. The vehicle was started for us and appeared to be a souped up model. We were informed that it has the police intercepter engine that was made in 1965. Explain in detail what work was done on the case:

This is a follow-up investigation into the background of one Richard HEIDELBACH, dob: presently living at 391 Oxford Dr., Hartland, Wis.

On Monday, October 6, 1975, we conducted the following investigation: We left the city at approximately 9:00AM, for Appleton, Wis. We drove directly to the "Maxaire Company," located at the Outagamie Airport, Appleton, Wis.

We interviewed a Karen BALDWIN, W/F, dob: , of 4545 W. Pine, Appleton, Wis., and she is the owner of the above company. She stated that on September 16, 1975 she sold a Piper Apache, twin engine airplane, to the suspect, for the sum of $12,500. He had made an initial payment of $2,600 in cash and the balance was made with a cashier's check from the Michigan National Bank of Detroit. The sale was handled by a William G. MELZER, Vice-President of the 1st National Bank of Appleton, Wis.

We interviewed William G. MELZER and he stated that the transfer of funds and the loan was handled through him by a John WARD, Vice-President in charge of aircraft loans, for the Michigan National Bank of Detroit, Ext.

We interviewed John WARD via telephone in regard to the references that HEIDELBACH used in applying for this loan He stated that the $10,000 loan was a 60 month installment type one and the payments amounted to $225 per month, at 12.5 percent interest. On his application for a loan, he used the following references: 1st National Bank of Oconomowoc, Ronald KLEIST, Bank Official; Carte Blanche Acct. ; Thorpe Finance Co. of Oconomowoc, Wis.; and also General Motors Acceptance of Brookfield, Wis. He did not use any personal references. Mr. WARD'S extensive check on the subject, Richard

Explain in detail what work was done on the case:

HEIDELBACH, was a call to the credit bureau and he in turn received no complaints against the suspect. HEIDELBACH also showed that he has been with or President of the R.H. Construction Company for the past 3½ yrs. He lists his address as the Oxford St. address, in Hartland, Wis. He stated the airplane would be kept at the Waukesha County Airport. We informed Mr. WARD that the airplane was kept at the Capitol Dr. Airport, in Waukesha County. We further informed him that this was just a preliminary investigation on Mr. HEIDELBACH and we had nothing definite on this man.

"This loan appeared to have been made in a very lax manner."

We then talked to a Sgt. Neil COWLING, as we were unable to contact Det. Lt. Wm. Fuller, both of the Winnebago Sheriff's Dept., in regard to the killing of Frank FRYE, retired Appleton policeman who was working for the Embassy Motel, in Appleton, Wis. He stated this appeared to be a gangland slaying, as the man was taken to an abandoned field and shot twice. Also, at that time, the Embassy Motel was owned by the Continental Bank in Milw., Wis., and Howard Meister (Phonetic) was the President of the bank at that time. He mentioned as a possible suspect, and if we heard the name before of a white male named Joseph VANDENBERG, who is suppose to be selling Volkswagons somewhere in the City of Milwaukee at this time. We told him, that we did not hear of this subject, but we would investigate same. He stated he would send whatever information they had regarding this subject, VANDENBERG, to our department.

Due to the type of killing, I feel a further conference should be held and a further check of the case file regarding the victim, Frank FRYE, should be conducted, to determine whether or not this case involves any of our slayings, here, in Milw. This meeting should be held at a later date.

The reason we did not go in person to the Sheriff's Dept. was due to a lack of time.

On Friday, Oct. 17, 1975, at about 6:45PM, we proceeded to 2138 W. Birchwood Ave., Milw., Wis., in an attempt to locate Aloysius K. ECKES. Explain in detail what work was done on the case:

On Wednesday, Jan. 5, 1977, we had occasion to interview a Harold Randy FITZGERALD, W/M, of 5510 W. Rogers St., (2d floor), who is unemployed and has a home phone number of . He was at the Police Administration Building, 1st District, inquiring about a Robert SAUVE, W/M, of 6102 W. Park Hill. Robert SAUVE is a cousin to Harold FITZGERALD, and was arrested by 3d District Officers for operating an auto after revocation, obstructing an officer and criminal damage to property.

Harold FITZGERALD informed us that he wanted to "work a deal" by supplying information and in return, he wished to have his cousin released from custody by our Department with no charges pending against him, and also wished that something would be worked out in regards to traffic offense which he, FITZGERALD, has pending in Milwaukee County Court. He was informed that this was not possible, that whatever information he furnished us would have to be reviewed and that the entire matter would then be taken to the District Attorney's Office, where they would make a determination whether there should be any negotiations on pending charges against him or his cousin, Robert SAUVE. Harold FITZ-GERALD admitted to us that he had previously been arrested for kidnapping and grand larceny, and that his arrest occurred in Medfordville, Kentucky, and explained that the grand larceny charge resulted from an automobile he had stolen from Milwaukee which belonged to the father of a girlfriend of his named Kathy MC CLEAN (phonetic). He added that the kidnapping charge resulted from the fact that

his girlfriend was underage when they crossed the state lines. He states that he was arrested in Medfordville, Ky. by a deputy sheriff for petty larceny (theft of gasoline from a service station), grand larceny (the auto theft) and the kidnapping (his minor age girlfriend taken across state lines). He states that he served one week in jail for this offense, plus paid $1600 in fines.

A check with our Department revealed no record of such an arrest on file with our Department, but he did have an adult arrest record for the discharge of fireworks (2 counts); 1 was a suspended sentence and the other was dismissed. He also had an arrest as a juvenile for uncontrollable and traffic offenses. An attempt to send a teletype to the Medfordville, Ky. Police Department was in vain. However, a teletype was sent to the Louisville, Ky. Police Department and their response was "no record and no wants" on this individual, Harold FITZGERALD.

Our interview with FITZGERALD began with his informing us that he could purchase an unknown quantity of .45 cal. automatic weapons and M-16 carbines from a tavern in West Allis. This tavern was named as "Elaine's Tap", 1101 S. 60th St. He claimed that the tavern is owned by a woman whose husband's first name is "Frank", that Frank had served time for armed robbery, and further, that "Frank" had a relative in the Air Force who is able to keep Frank supplied with weapons, which Frank sold through his tavern. Harold FITZGERALD further informed us that on occasion, he has observed

Also during our interview with FITZGERALD, he gave us information regarding suspects thought to be dealing in drugs (a separate Matter of Report has been filed).

Also, FITZGERALD informed us that he felt he knew who was responsible for the death of August MANIACI, and also, Louis FAZIO (our M-944). In regards to the Louis FAZIO murder, and the MANIACI murder, FITZGERALD states that he had discussions with an individual he knows as "John BREE", W/M, approximately 30-35 years, 6' in height, 170 lbs., who lives somewhere on S. 61st St., and drives a 1972 Ford pickup truck. He further informs us that John BREE is a "big man" in drug trafficking, and approximately 2 years ago, BREE had allegedly informed Harold FITZGERALD that August MANIACI and Louis FAZIO were "getting too much of the money", and that the situation would be "taken care of" shortly. He further related to us that shortly thereafter, August MANIACI was found murdered.

FITZGERALD went on to say that he had heard rumors that a .22 caliber weapon with a silencer was used in the death of August MANIACI and that this weapon was found in a sewer in Milwaukee.

We questioned him regarding his information about the .22 caliber weapon used and the number of times August MANIACI was shot in the head, advising him that this information was published in newspapers, on television and reported on the radio. Harold FITZGERALD said he does not remember where he obtained this information but that it was not from the news media. After further questioning, FITZGERALD admitted that John BREE did not openly say he had arranged the death of August MANIACI, but that his conversation with BREE gave him the impression that BREE was responsible for a "hit man" killing MANIACI. Harold FITZGERALD also admitted that John BREE could possibly have been attempting to make an impression on him and other people by making such a statement, and FITZGERALD further stated that he would attempt to obtain more information for us regarding this matter.

At the present time, we are awaiting further developments on the purchase of the firearms from the tavern in West Allis by this individual, Harold FITZGERALD, and when this is accomplished, further reports will be filed. The parties named in this report, Harold FITZGERALD and Robert SAUVE, were checked, both local and extended, by Detective Clerical and found to be not wanted at this time.

Explain in detail what work was done on the case:

On Wednesday, Jan. 5, 1977, we had occasion to interview a Harold Randy FITZGERALD, W/M, of 5510 W. Rogers St., (2d floor), who is unemployed and has a home phone number of He was at the Police Administration Building, 1st District, inquiring about a Robert SAUVE, W/M, of , Park Hill. Robert SAUVE is a cousin to Harold FITZGERALD, and was arrested by 3d District Officers for operating an auto after revocation, obstructing an officer and criminal damage to property.

Harold FITZGERALD informed us that he wanted to "work a deal" by supplying information and in return, he wished to have his cousin released from custody by our Department with no charges pending against him, and also wished that something would be worked out in regards to traffic offense which he, FITZGERALD, has pending in Milwaukee County Court. He was informed that this was not possible, that whatever information he furnished us would have to be reviewed and that the entire matter would then be taken to the District Attorney's Office, where they would make a determination whether there should be any negotiations on pending charges against him or his cousin, Robert SAUVE. Harold FITZ-GERALD admitted to us that he had previously been arrested for kidnapping and grand larceny, and that his arrest occurred in Medfordville, Kentucky, and explained that the grand larceny charge resulted from an automobile he had stolen from Milwaukee which belonged to the father of a girlfriend of his named Kathy MC CLEAN (phonetic). He added that the kidnapping charge resulted from the fact that

his girlfriend was underage when they crossed the state lines. He states that he was arrested in Medfordville, Ky. by a deputy sheriff for petty larceny (theft of gasoline from a service station), grand larceny (the auto theft) and the kidnapping (his minor age girlfriend taken across state lines). He states that he served one week in jail for this offense, plus paid $1600 in fines.

A check with our Department revealed no record of such an arrest on file with our Department, but he did have an adult arrest record for the discharge of fireworks (2 counts); 1 was a suspended sentence and the other was dismissed. He also had an arrest as a juvenile for uncontrollable and traffic offenses. An attempt to send a teletype to the Medfordville, Ky. Police Department was in vain. However, a teletype was sent to the Louisville, Ky. Police Department and their response was "no record and no wants" on this individual, Harold FITZGERALD.

Our interview with FITZGERALD began with his informing us that he could purchase an unknown quantity of .45 cal. automatic weapons and M-16 carbines from a tavern in West Allis. This tavern was named as "Elaine's Tap", 1101 S. 60th St. He claimed that the tavern is owned by a woman whose husband's first name is "Frank", that Frank had served time for armed robbery, and further, that "Frank" had a relative in the Air Force who is able to keep Frank supplied with weapons, which Frank sold through his tavern. Harold FITZGERALD further informed us that on occasion, he has observed

Also during our interview with FITZGERALD, he gave us information regarding suspects thought to be dealing in drugs (a separate Matter of Report has been filed).

Also, FITZGERALD informed us that he felt he knew who was responsible for the death of August MANIACI, and also, Louis FAZIO (our M-944). In regards to the Louis FAZIO murder, and the MANIACI murder, FITZGERALD states that he had discussions with an individual he knows as "John BREE", W/M, approximately 30-35 years, 6' in height, 170 lbs., who lives somewhere on S. 61st St., and drives a 1972 Ford pickup truck. He further informs us that John BREE is a "big man" in drug trafficking, and approximately 2 years ago, BREE had allegedly informed Harold FITZGERALD that August MANIACI and Louis FAZIO were "getting too much of the money", and that the situation would be "taken care of" shortly. He further related to us that shortly thereafter, August MANIACI was found murdered.

FITZGERALD went on to say that he had heard rumors that a .22 caliber weapon with a silencer was used in the death of August MANIACI and that this weapon was found in a sewer in Milwaukee.

Explain in detail what work was done on the case: On Thursday, 9/11/75, we were assigned a portion of the investigation regarding the above offense. We were given various names and addresses of relatives of the deceased and were to interview them regarding possible enemies or animosity he may have had between himself and friends.

At approximately 7:00pm, we proceeded to the home of a brother of the deceased, a Vincent Maniaci, 2025 E. Greenwich, Apt. 212. We rang the buzzer in the outer lobby of the apartment house, received no answer, proceeded upstairs, knocked on the door, received no answer there. Apparently no one being home, we then proceeded to the address of another brother of the victim this being an Edward Maniaci, 4435 N. Frederick. We were greeted at this residence by the wife of Edward, a Terri Maniaci, W/F, Mrs. Terri Maniaci informed us that her husband Edward is presently at the home of the deceased along with his other brothers. That home being 2121 N. Newhall.

While interviewing Mrs. Edward Maniaci, she was asked if there are any other brothers or relatives living in Milwaukee and she stated there were 10 brothers in the family, two living in California and one being deceased.

Regarding names and addresses of other brothers, Mrs. Terri Maniaci was very cooperative and gave us the following names and addresses of brothers. Joseph Maniaci, 2222 W. Brentwood, Theodore Maniaci, 4878 N. Shorland, Tony Maniaci, who is presently a patient at the Veterans Administration Hospital, having been there for some time; Arthur Maniaci, 2574 N. 62 St., These were the relatives that Mrs. Terri Maniaci could recall at this time, she was very upset at the time of our interview, having been to the home of the victim.

Also while talking to Mrs. Terri Maniaci, we explained that all of the relatives would have to be questioned eventually by our department and Detective Bureau and she stated that she would contact all of the relatives, telling them that the police department, Detective Bureau would like to interview them. She then asked me if it would be alright if the relatives could come to the Detective Bureau at a later date and be interviewed there. I stated this would be alright with us and she stated she would contact them and request that they come to the Detective Bureau to be interviewed.

Approximately 9:30pm, we went to the home of the victim at 2121 N. Newhall and there along with Lt. Vincent Partipilo, Detective Bureau, an interview was conducted of Vincent Maniaci, brother of the deceased. After concluding the interview at which time no information was received regarding this offense, we parted.

At approximately 10:25pm, we heard a siren return to the address of 2121 N. Newhall and there we learned from relatives of the victim that Vincent Maniaci had suffered a heart attack. The Rescue Squad and Fire Department were on the scene, Vincent Maniaci was on a chair in the home and a ambulance was called for and Police Ambulance Squad 81 arrived and officers Prostinak & Hirte conveyed Vincent Maniaci to St. Mary's Hospital for treatment for his heart attack.

All parties mentioned in this report were checked with Detective Clerical, not wanted at this time.

On Wed., 9-17-75, we were sent to the City of Kenosha, Wis., to determine if the death on 7-3-75, of an Edward MINKOWSKI, owner of a Kenosha liquor company, who was found shot to death in his car, with a .22 caliber weapon was related in any way to our offense. We confired with Detective Captain William SHORN and Detectives Al KRAUSE and ARVID DAVIS. They informed us that the deceased Mr. Minkowski for the past 15 or 20 years has been a known drunk and sex deviate of some type. It was his habit to go down into the colored area procure for himself a woman and participate in wird type sex acts. He was known to spend approximately $20 or $300 each time he went into the core and this was done by him regularly.

We have in our possession a photo of Mr. Minkowski showing that he was shot once with a .22 caliber bullet in the back, no exit wounds visible. The e are no other marks of violence. It is the opinion of the Kenosha Police Department that this was a robbery slaining and is not linked to our Maniaci case, nor can he link any reason for problems between Kenosha Liquor Company or the Triangle Wholesale Company, also in Kenosha. Reports and photo given to us by the Kenosha Police Department will be attached to this report. However, Captain Shorn said because of the case still in the investigation and possibly a John Doe inquiry hearing in the death of Minkowski that this information and their report be kept strictly confidential and not be released to the press.

Explain in detail what work was done on the case:

On Monday, 10/6/75, at 3:50P.M. we were assigned to make a follow-up investigation into an auto that was located by Squad 927, Ptr. Larry Biscobing that resembled the auto in this offense.

At 4:10P.M. we arrived at 2322 N. 39th Street parking lot and there observed a all black 1965 Ford, 2-door sedan custom, with a red interior bearing Wisconsin license number N59001-26 Misc. This vehicle had a Hearst transmission mounted on the floor with a Hearst type aluminum bar, approx. 4" long, with the name Hearst on the top made of aluminum. The vehicle also had crome mags and Ford written in white aluminous letters on the rear fenders as well as numerous stickers on the auto. The vehicle was very clean and shiny and appeared to have been very well taken care of.

While at the scene, we interviewed Michael Allen Witt, White male, 22, D.O.B. , of 6541 N. Beale, phone , who is 5'11½", 210 lbs., has long light brown hair extending to the collar. He also has a scar on his left cheek, that is noticible. He states that he owns the 1965 Ford in question, bearing the V.I.N. number - 5F53P169714. He states that he is employed at Monark Auto Supplies, 3828 W. North Avenue, phone , and parks his vehicle in the rear lot daily. He states that he has owned this vehicle for the past 5 years and purchased it from a Bill Roth, of 7325 W. Acacia, who was a neighbor of his. He states that approx. 3 years ago, after an accident he had the car completely repainted the original black color. It was also noticed that this vehicle had the window frames on the side painted, because this is a 2-door custom and in that year they did not put very much crome trim on the

vehicle. Also noted was that the vehicle had round tail lights as is common with the customs as opposed to the Galaxy and model of Ford which had a rectangular tail lamp assembly (1965). Mr. Witt was questioned as to the stickers on the vehicle and the mag wheels and the unusal racing type steering wheel which was red plastic with a silver flack and metal bars on the inside. He states that all of this was put on the vehicle in approx. 1970 by him, after purchasing the vehicle for $600.00. He states that he normally does not drive this vehicle but has to do so now as his wife has a part time job, and he needs both of his vehicles. The vehicle was then photographed by Ptr. Lang, Sqd. 297, who took 5 photographs, which included a photograph of the subject standing next to his vehicle for future possible identification purposes as a check with Detective Clerical and the Bureau of Identification show that their are no arrest records for Michael Allen Witt. These photographs will be attached to this report at a later date. At this time we are unable to connect this vehicle with the murder of August Maniaci and further investigation is pending.

We then contacted Robert Boll, white male, , of 1525 W. Windsor, phone L, and questioned him relative to the vehicle ~~of the vehicle~~ that he had observed and he stated that he was positive that on the morning of this offense the vehicle that he had observed had a black interior as well as a standard black steering wheel. He states that he had not observed any gauges or anything unusal about the vehicle other than the fact that it was shiny black. He could provide no other helpful information relative to our investigation. It is also noted that this vehicle has a bright red interior, there is a tachometer mounted on the steering colume which is plainly visible from the outside of the vehicle, as well as numerous gauges mounted under the dash in the area of the shift lever which is also plainly visible from the outside of the car. The mag wheels are Craigor, the mag wheels on the front are crome plated, and crome reverse wheels on the rear with wide tires. The vehicle was started for us and appeared to be a souped up model. We were informed that it has the police intercepter engine that was made in 1965. It is still felt that this is not the vehicle in this offense and due to the difference in the enterior and the markings on the vehicle as well as the utmost

On Sat., 9/13/75, at 6:40PM, we went to 2121 N. Cambridge, Apt. #205 where we interviewed a Richard William CZARNECKI, W/M, . We interviewed Mr. Czarnecki regarding possible information in regards to an automobile used in this offense. Mr. Czarnecki told us that on the day of the offense, he had left for work at approximately 5:30AM and that he punched in at his place of employment at 6:18AM. We then questioned him regarding his place of employment, and he stated he was employed at the American Produce, 327 S. Florida, Milwaukee. He stated he furnished the original investigating officers, Det. Burgardt, with the times and locations of his various deliveries on that date. He stated that on the day of the offense and the days prior to it, he did not observe any suspicious autos or persons in the vicinity. We then questioned him as to his relationship with the Maniaci family. He told at this time that he was a very close friend with both the deceased, as well as his brother, Vincent. We then learned that Mr. Czarnecki moved to our city from New York in 1969, and he was employed as manager of Richie's on Broadway (tavern owned by Augie Pomasano). In the beginning, he had differences with his employer, Mr. Pomasano and stated he was fired from the Richie's on Broadway. He said it was at this time that he gained employment at the American Produce Company. He thought it was in June or July of this year. Further stated that in May of this year he made an offer to purchase Little Caesar's Tavern (owned by Vincent Maniaci, brother of the deceased), he is unsure of the exact date, but felt that it was directly after the trial of Vinnie Maniaci on Federal charges. He told us that he applied for the proper licenses on approximately 6/11/75, and the original licensing committee ordered to accept his application on 6/29/75. On 6/30/75, the matter was brought before the full council, and the license was turned down by the common council.

(OVER)

He stated he then contacted his attorney, Mr. Gary Glojkek, of 6212 W. Greenfield ( ). He told me that they started some type of legal action regarding the refusal of granting him a license for the Little Caesar's Tavern. We then asked him how long he had been acquainted with the Maniaci family, and he told us that they were friends for the past 4 years and only recently did they attempt to purchase the business (Little Caesar's Tavern) from Mr. Vincent Maniaci. Czarnecki told us that he does not know of any enemies that Mr. Maniaci had and felt that he was a fine person and did not know why anything like this could happen to him. We then questioned Mr. Czarnecki about the injuries noted by the Detectives in their first interview. The injuries are quite obvious, being a slight laceration to the left forehead area and a black eye (left) and a 2 to 4" bruise on his right chest area. Czarnecki told us that he sustained these injuries in a fight in a tavern where he was engaged in an argument that resulted in a fist fight between 3 other persons and himself. He told us that the incident occurred in a tavern on the east side but refused to name the tavern's location or any of the names of his assailants. Czarnecki's physical description is a white male, long brown hair, collar length, medium to a dark complexion, 5'9 to 10", 165 lbs. A check with our department shows no record on Czarnecki and no wants at this time.

Agent WALSH explained that Harry ALEMAN would be served with a Cook County Grand Jury subpoena and that the senior agent from the Illinois Bureau of Investigation (IBI) David WILLIAMS, would contact our Department to determine if we could bring our witness to the MANIACI homicide to Chicago on a specified date to view the lineup in an effort to identify ALEMAN as a suspect. He added that ALEMAN and PETROCELLI are suspects in eleven (11) of twenty-two (22) gangland type slayings which have occurred in the Illinois area. I informed Agent WALSH that we would obtain authorization from the District Attorney's Office and take our witness to view the showup on the designated

On Friday, Dec. 3, 1976, I was contacted by IBI Agent David C. WILLIAMS, and advised that suspect Harry ALEMAN was served with a Grand Jury subpoena on Thursday, Dec. 2, 1976, and was due to appear at a special showup on Tuesday, Dec. 7, 1976, at 11:30AM, at the Section 4 Chicago Police Station, Chicago, Illinois. He requested that we try to bring our witness in the MANIACI homicide to the Cook County Courthouse on this date at 11AM.

On Friday, Dec. 3, 1976, we took the photos of ALEMAN and PETROCELLI, along with other FBI photos supplied by Special Agent WALSH, and showed them to the witness in the MANIACI homicide, Neil PACKARD, W/M, of 1916 N. Bartlett, . These photos were viewed by Neil PACKARD at his place of employment, McDonald's Restaurant, 1614 E. North Ave. At this time, he viewed the photos with negative results.

On Monday, Dec. 6, 1976, Deputy District Attorney Lee WELLS authorized a trip for Det. Ronald Weiskirch and Det. Joseph Brown to Chicago, Ill., on Dec. 7, 1976, for the purpose of viewing a special lineup regarding the shooting death of August MANIACI. He also gave authorization for a parent to escort the juvenile witness should that be the request of his parents.

On Tuesday, Dec. 7, 1976, we traveled to Chicago, Ill., with our witness, Neil PACKARD, and his

brother, Patrick PACKARD, W/M, , (at the request of their parents). We arrived at the Court County Courthouse at 11:30AM, and were informed by senior agent Dave WILLIAMS that the lineup had been postponed until 2PM or 3PM, that same date. As we entered the office of the IBI in the Cook County Building, a photo of the suspect, Harry ALEMAN, was observed posted on a wall. Immediately, one of the agents placed a covering secured with Scotch tape over the photo, but not before our witness, Neil PACKARD, observed same. At approximately 3:10PM - 3:15PM, Dec. 7, 1976, a special lineup was held at the Section 4, Illinois Police Station. Six persons, including the aforenamed Harry ALEMAN, appeared in this lineup. This lineup was also viewed by witnesses in other homicide cases which occurred in the Illinois area. When Neil PACKARD observed the lineup, he picked out Harry ALEMAN as a "possible", but stated that at the time of the homicide, the suspect's hair was longer. He stated that he could not be sure of his identification, but it is noted that at the time of the original homicide, he stated that the suspect had long black hair, and was approximately 6' to 6'2" in height. The suspect, Harry ALEMAN, has dark black hair, is approximately 5'6" to 5'7" in height. As previously stated, Neil could not make a positive identification. It is our belief that because the witness, Neil PACKARD, had seen the photo of ALEMAN in the IBI office, it is possible this is one of the reasons he had picked out ALEMAN in the lineup as a possible suspect.

On Dec. 14, 1976, Harry ALEMAN was indicted by the Cook County Grand Jury on a charge of murdering a steward of the Teamsters' Union in 1972. A copy of the story appearing in the CHICAGO TRIBUNE, will be attached to this report.

On Dec. 29, 1976, our Department received a color photo of the lineup which included Harry ALEMAN, on Dec. 7, 1976, and a report of all the named persons in the showup. This was supplied to our Department by Special Agent Tom PETERSIK, of the Illinois Bureau of Investigation, who mailed same to our Department.

We contacted Deputy District Attorney Lee WELLS and informed him of our witness's identification of Harry ALEMAN and he stated that at this time, and because of the previously mentioned incidents which transpired in the IBI office, there was no grounds for us to name ALEMAN as a suspect in the August MANIACI homicide.
